Oh Hey!

## Meet The Team

It's great to meet you! Well... Kind of meet you.  
Hopefully we can meet face to face sometime soon!

Choosing your wedding team is a big decision, it's so important to find  
someone whose work you LOVE... however, it's also equally as important  
as finding a team that who can  
bring out the best of who you are on your wedding day!

# WHAT *to expect*

For some people this can be the first time they've hired a photographer, and with so many amazing wedding vendors to choose from, it's perfectly understandable to get a little picky with your creative team; especially if you aren't familiar with being in front of a camera.

Our goal as visual artists is to create stunning heirloom artwork that memorializes your day in the most authentic way possible.

We like to make our process as transparent as we can so that when it comes to your wedding day, we have everything we need to capture you in the best possible light!

Those "off-the wall" ideas you might have?  
**We are here for it.**

We've had love stories of all kinds in front of our cameras; everywhere from the local landfill to scenic destination weddings, location doesn't matter when we are capturing real connection! We are lovers of adventure, dreamers, artists, and incredibly passionate about our work! We hope this selection of photos gives you an idea of our style, and a small glimpse into who we are.

# ENGAGEMENT *Sessions*

## THE ENGAGEMENT SESSION EXPERIENCE

Engagement sessions are the perfect opportunity to celebrate what makes you unique as a couple. We include an engagement session in each of our wedding photography packages, as well as engagement videos in some of our full day photo & video collections!

Whether you want to escape to the mountains, have photos with your pets at home, or the local arcade to celebrate your mutual love of video games; these photos will serve as a beautiful reminder of the time leading up to your wedding day and create a chance for us to get to know you a little better .

## What Is Your Shooting Style?

Our style is defined by its cinematic look, our use of warm vibrant colors, and the organic expressions we bring out of our clients! Everyone on our team brings years of experience and formal training to create truly one of a kind artwork. We believe every session is full of ... boundless opportunities for creativity and connection.

## Can We Bring Our Dog?

We don't know why we phrased this like it's even a question. We encourage it! All pets should be treated like family and its important to include them in photos!

## day tips

**Tip 1) Getting Ready Photos:** Getting ready is usually where we start our day. Generally we only need around an hour to an hour and a half, and use this time to capture details & establishing storytelling shots for your wedding album! This is also a great opportunity to grab some photos with your bridal party before saying your I Do's!

**Tip 2) Have An Unplugged Ceremony:** We recommend asking your guests to put away their phones, tablets and other devices so they can truly be present in the moment. This allows the focus to remain on the two of you, and allows us to focus on capturing your wedding in all it's beautiful emotions.

**Tip 3) Include Your Guests:** With a busy wedding day it's not uncommon that Wedding guests sometimes get overlooked. When planning the wedding timeline, we suggest including time to relax and soak up all the goodness that comes on your wedding day with your guests, you can also consider adding a "Wedding Exit" at some point during the day so you can get more photos with your guests!

**Tip 4) Sunset Photos** The perfect way to conclude your wedding story are with some sunset photos before the party really begins! Due to timing or weather sometimes sunset photos don't work out, but we highly suggest planning for sunset photos if possible.

# FIRST LOOK *vs* DOWN *the* AISLE

## THE FIRST LOOK

You know that feeling of seeing someone for the first time in person? It's even more intense when you're about to say "I Do."

Some couples opt to see each other for the first time prior to their ceremony; this creates a more intimate setting for that first time seeing each other on your wedding day. This can also be a great opportunity to share your private vows with each other prior to the ceremony, create some extra space in your timeline for bridal party photos or capture family photos!

Regardless of what you choose to do, we are always happy to share our planning advice. We want you to have the wedding day you have dreamed of, so we like to work with our couples to create a timeline that makes you feel prepared and excited for your special day!

## THE VOWS

Your wedding is all about your connection and the commitment you are making to each other. As part of telling your story authentically we like to cut the wedding vows into our final videos to add a special touch.

IT'S ALL IN

*the details*

## ARE WE A GOOD FIT FOR YOU?

At the end of the day, your wedding is a celebration of the two people you love most in this world, each other! When everything is over and the party is finished, we want our work to be a strong reflection of the bond the two of you share!

We like to get to know our clients on a personal level, which we think makes all the difference in creating an unforgettable experience! We aren't just your photographers, we also double as hair stylists, men's fashion experts, professional veil tossers, or even your designated driver/new best friend.

When it comes to your wedding day - from start to finish, with camera's in hand, we are your professional cheerleaders!

## STEP ONE - THE CONSULT

We start with booking you in for a video or in-person consult. These are typically 15-20 minutes long and our chance to go over how we work and a rough day timeline, from here we can also help you pick a wedding collection that suits your vision or do up a custom quote! After your consult we will send you a booking link with your final quote, and a contract to sign.

## STEP TWO - RESERVE YOUR DATE

We take a 35% retainer to hold your wedding date with the remainder being due the day after your wedding. After we've reserved your day in our calendar you get emailed a link to your client portal.

## STEP 3 - WEDDING HUB

We like to keep everything organized and in one place for your wedding day, so we have a client portal where you can make payments, view and answer questionnaires, and update your contact information. This is also where your coverage timeline will go, and you can view any galleries with us!

## STEP 4 - BOOK YOUR ENGAGEMENT SESSION

Once you are ready to book in your engagement photos let us know! We typically book 6-8 weeks out for our sessions but try to remain as flexible as possible! We like book these as close to sunrise or sunset as possible for optimal light! This can also be a great chance to trial your hair and makeup artists before your wedding day.

## Step 5 - Timeline and Final Consult

Usually around the 2 week - 1 month mark we setup a time to go over your timeline and all the final details for your wedding. This is also our opportunity to scout out the locations we are using for your bridal party photos.

## Step 6 - Your Wedding Day

It's time to tie the knot! We are all set and will be right there with you, capturing your most precious moments on one of the best days of your life! When the day is over we backup everything three times just in case!

## Step 7 - Receive your Preview

The party is over and now what?

Within 24-48 hours you will receive a full day preview gallery of your wedding day to share with family and friends! For wedding videos you can expect a first cut of your ceremony video within 2 weeks.

## Step 8 - Final Delivery

We are perfectionists at heart, and due to the busy wedding season we generally quote between 8-12 weeks for final turnaround time. You will receive an e-mail from us with your gallery when its finished! From here, you can select the 50 - 4x6 photos for your engraved USB box! For video this is where we will do the final round of revisions before finishing off the video!

# OUR PROCESS

*"My husband and I had such a great experience last year during all the chaos that Covid brought! Little did I know how indecisive I actually was and must of changed my mind a million times with Covid protocols changing as well.*

*He was so patient and accommodated us with every request I had. Even when I called him up and said I wanted to get married in a month instead of a year from then.*

*Brendan was able to give me such great advice and made our engagement and wedding photos so much fun to take!*

We honestly can't say enough about Brendan and his team. We had Natasha for our engagement shoot and both Natasha and Alex for our elopement. Both were amazing and easy to work with.

Natasha is really talented and took some stunning pictures, and captured our big day perfectly. Alex has some incredible video skills and created the most beautiful highlight video for us.

Brendan kept in touch with us and updated us throughout the way to keep us informed and to make sure that we were on the same page about what we wanted.

They all worked with us and gave us some beautiful pictures to remember our day with.

- GAVIN AND AALIA AUGUST 15TH 2020

# FAQ'S

## **Can I Make Payments Towards My Wedding Package?**

Of course! 35% of your package is paid as a non-refundable retainer, with the remainder being due the day after your wedding. You can track and make payments through the client portal link we send when you book!

## **How are you handling business given the Covid-19 Pandemic?**

The Covid-19 pandemic has created a doorway and reimagined the way couples look at their wedding days!

If your wedding is impacted by a lockdown, we will happily transfer your retainer to a new date (pending availability). In the event we are no longer available for your new date, we will find a suitable replacement or issue a transferrable credit for any of our other services.

## **How Do You Handle Revisions with Video?**

We are very flexible with video revisions. After your video has been reviewed by our production team we send it to you for playback! The link we share can allow you to leave timestamped notes throughout the video, we allow up to 3 rounds of revisions included in your wedding package!

## **Are The Packages Customizable?**

We offer completely customized wedding packages that are tailored specifically for your wedding needs and wishes. You will be able to pick and choose what is included in each wedding package, as well as how many hours of coverage you need (minimum 3 hours). Have a look at our wedding packages and set up a consultation with us [here](#). We'll sit down with you once we receive your form to go over all of the details!

## **How Far In Advance Should We Book?**

We ask you to book us 8-12 months in advance due to the wedding season being so popular and dates being limited. The earlier you contact us the better in order to guarantee the best pricing and availability.

## **Do You Travel?**

Yes! We provide wedding photography and wedding videography services worldwide! (Although our main focus is in Alberta/British Columbia currently) If you live within a 100km radius of Edmonton or Vancouver, there will be no additional fee for travel. Travel outside of that radius .40/km. If your wedding is outside over a 3-4 hour long trip, please contact us for a quote!
