2026-2027 WEDDING PRICING  
AND INFORMATION GUIDE

# Nice To Meet You!

***We take our work seriously. Ourselves? Not so much.***

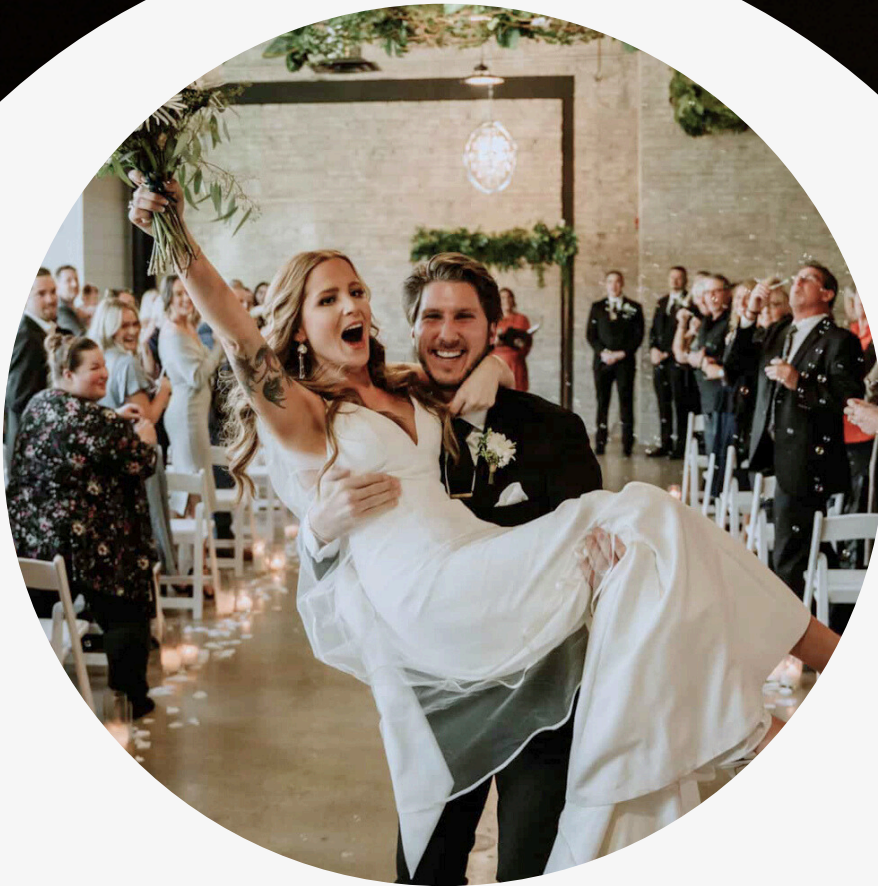

Here is a hard truth about weddings: You're probably going to spend more time with us on your wedding day than you will with your parents, your best friends, or even your new spouse. That's a long time to be stuck with someone who has the **personality of a traffic cone.**

We are Boundless. A collective of artists with over a decade of experience and one shared belief: the best photos happen when you actually like the people holding the cameras.

Our job is to handle the light, the chaos, and the timeline so you can focus on the party. We'll make sure you look damn good, and we aren't afraid to have a little fun while doing it.

*The Boundless Team*

*So, that's who we are. Now here's what we stand for...*

# Our Philosophy

*Spend your wedding with your guests, not the paparazzi.  
(We know the difference)*

Ever been to a wedding where the photographer holds the couple hostage for three hours while the guests get drunk on an empty stomach?

That isn't the vibe here.

Whether it's an elopement so small we're signing as your witnesses, or a multi-day rager, we're locked and loaded, ready to shoot the stuff you actually want to remember.

---

# Why Boundless?

THE EXPERIENCE OF A PRODUCTION HOUSE WITH THE HEART OF A FRIEND.

## Tenured Experience

We aren't practicing on your wedding. We've seen groomsmen hit a vape pen while walking down the aisle, cakes topple over, and zippers burst minutes before the first look. We've navigated missing vendors, blizzard conditions, and yes—even blood on the wedding dress. Nothing shocks us.

Every wedding brings fresh chaos, and that adrenaline is exactly what keeps us doing it.

## The Analog Ethos

We treat your wedding like a classic film production, not a content dump.

We believe in the tangible - images you can hold, not just scroll past. Hard drives fail, but print is forever.

## Direction over Dictation

We leave the stiff awkward posing back in the past where it belongs. We believe the best photos happen when you are moving, laughing, and actually interacting.

We give you clear direction to make you look fab, then we step back and let the magic happen.

## Edited for Legacy

Trends fade, but your photos won't. We edit for clean skin tones and true-to-life color.

Simply put - We want your wedding album to look as timeless in thirty years as it does today.

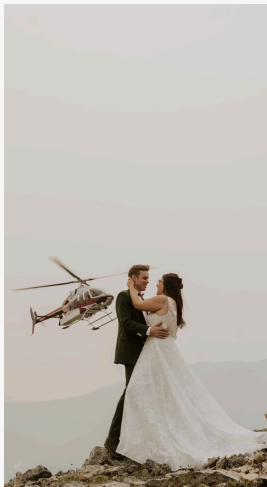

# The Non-Negotiables

Before we talk numbers, let's talk value.

Every collection is built on a foundation of expert planning and secure archival. You are supported from the moment you sign the contract until years after the vows are all said and done.

We include the full scope of our standard creative process in every collection. Here is the baseline standard included in every single booking, so you never have to guess what you're paying for.

# Frequently Asked Questions

---

01

## Do you travel for weddings?

**Have gear, will travel.** We've shot everywhere from 5-star resorts to community halls with questionable carpet. If you're getting married in a backyard, a basement, or somewhere in the middle of nowhere, count us in. We don't care about the postal code, we care about the party. If there's a story to tell, we'll be there.

02

## Do we get the RAW files?

We do not deliver RAW files. Think of RAW files like the raw ingredients at a restaurant; the magic happens in the kitchen. The editing process is half of the art—it's where we apply the color grading, tone, and mood that defines the Boundless aesthetic. Delivering unfinished files would be like serving you an uncooked meal. Trust us to deliver the full, finished vision.

03

## How many photos will we get?

We focus on the narrative, not a quota. However, for a typical 8-10 hour wedding, you can expect between 500-800+ fully edited images. We don't cap the number; if it's a good photo, you're getting it.

04

## Do we need a second shooter?

Until we figure out how to clone ourselves... maybe. While our lead shooters are focused on the "Hero Shots" (you guys looking epic), a second shooter is hunting for the "easter eggs"—your grandma laughing at a dirty joke, the flower girl stealing cake, or your best man ripping his pants. It doubles the coverage and catches the stuff you didn't even know happened until you see the final gallery.

01

## The Vibe Check & Booking

It starts with a conversation. We'll hop on a quick virtual consult to chat about your wedding plans and see if we might be a good fit.

**The Paperwork:** If we're a match, I'll send a digital proposal.

Sign the contract online, pay the 35% retainer, and the date is officially yours.

---

## Client Portal

02

Once you're booked, you get access to your **Client Portal**. This is your own personal headquarters for our wedding questionnaires, timeline, contract and invoices.

**The Prep:** We'll work with you to build a timeline that flows naturally, ensuring we hit the best light without turning your day into a photoshoot checklist.

03

## The Final Sync

One month out, we reconnect. We'll review your final questionnaire (where you fill us in on all the 'tea', everything from family dynamics to the 'must-have' shots).

**The Logistics:** We lock in the timeline and confirm the addresses so that on the wedding day, we are in the right place at the right time, every time.

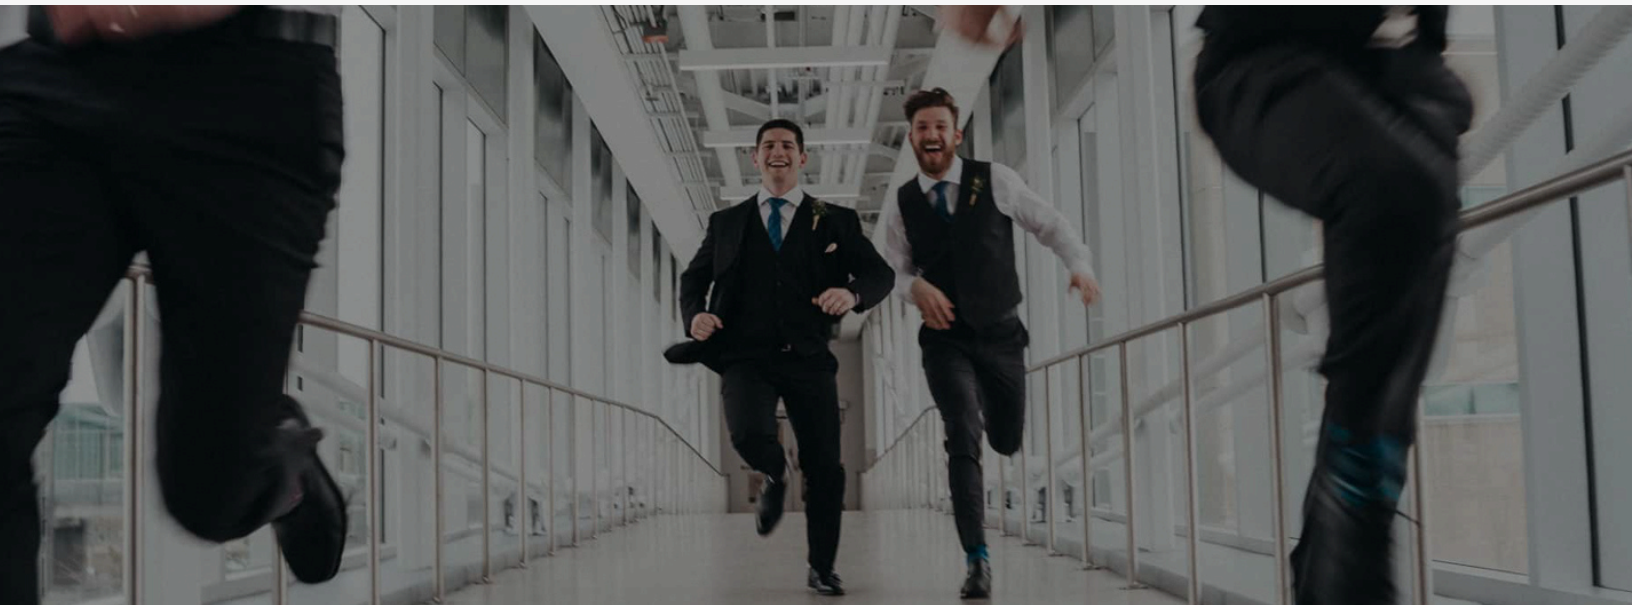

04

---

## The Main Event & Delivery

We show up ready to rock. We manage the chaos, capture the narrative, and party with you.

**The Aftermath:** You'll get a teaser gallery within 7 Days. The full, finished and edited gallery (and films) will hit your inbox in 8–12 weeks, ready for you to relive the blur of the day.

# Client Reviews

---

The highest compliment we can receive isn't an award... it's hearing that we made your wedding day better.

We pride ourselves on blending in like friends while working like seasoned pros. But don't just take our word for it, here is what the Boundless experience felt like for the people who lived it.

---

## Jessica and Jonathan

---

Brendan, Ashlee, and Emma were absolutely incredible! From the moment they arrived, they brought such fun, positive energy. We were laughing all day and it honestly felt like hanging out with friends. They made everyone feel so comfortable, and as someone who doesn't usually feel at ease in front of the camera I felt great the entire day. The three of them worked seamlessly together and captured some truly special moments we'll treasure forever. We were also blown away to get sneak peeks back within just a few days, and they are absolutely stunning. We are so grateful Boundless was part of our wedding.. can't recommend them enough!

## Haley and Kristopher

---

Brendan was everything we wanted in a wedding photographer and so much more! He was so fun on the day of and also the perfect amount of professional.

Our photos turned out absolutely beautiful and it is very clear that he is an expert in his field. We couldn't have asked for anything more and I couldn't recommend him more! He is truly one of the best in the business thanks again for making our day so special

## Olivia and Raymond

---

Brendan and his team are so fun and talented! We chose Brendan before COVID so he's stuck by our side the entire time. Instead of an engagement shoot we chose to use it for an elopement shoot in Jasper and hiked around for the best shots. We've said this over and over and we're so glad we picked Boundless as they are so easy going with any changes/requests we have.
